

# About Chaos Creators

Back in October 2017, a group of artists came together to form the ‘Sonic Artist Meetup’ in Texas. We promoted ourselves at SXSW 2018 and gain a huge wave of support.

This festival is for creators and fans of the community to celebrate our achievements as fans as well as meeting fellow fans.

Thank you for your support and feel free to join us August 1, 2020!

## The Creators
